

Would you like to be a part of developing a creative newspaper concept?

NextMedia is expanding its business in Scandinavia and Switzerland. We are therefore looking for ambitious colleagues for our office in Switzerland.

Sales Consultant

We are looking for persons with proven sales experience. The ability to build personal relationships might be the decisive factor that will make us interested in you. We expect you to work independently and that you can handle an individual budget responsibility. Fair knowledge of at least one Scandinavian language or German is a must. It is a plus if you are also well-versed in English.

Graphic Designer

You have a degree in graphic design or are well on your way to getting one. You are used to working with InDesign, Photoshop and Illustrator. You can work in a team, are motivated and can handle stress.

NextMedia is a publishing house for specialised newspapers and magazines. Production of external customer magazines and specialist newspapers are made on request by government agencies, organisations and companies.
